O R D E R :-

In G.O.No. 673 P.W. dated 20th March 1939, the Government approved the proposal to convert the Gate House at the Government Industrial School at Bellary into a rest shed, and its inclusion in the list of rest sheds annexed to G.O.No. 1820 W. dated 28th November 1926. They also permitted the provision of furniture in the rest shed at a cost of Rs. 75 and the credit to the Public Works Department of the rents realised from the use of the rest shed.

2. The Director of Industries and Commerce while submitting a set of draft rules for the occupation of the rest shed, has now urged-

(i) that the shed should be regarded as part of the Industrial school the rent realised being credited to the school; and

(ii) that the school should be allowed to supply the furniture required.

The Government have carefully considered the question in consultation with the Chief Engineer and are pleased to order as follows.

3. Head of credit of rent. - As the building of the rest shed is borne on the Public Works Department registers and is maintained by the Public Works Department the rent realised should be credited to "XXXIX. Civil Works" and not to the school accounts.

4. Supply of furniture. - The Government consider that no case has been made out for departure from the general rules issued in G.O. No. 3828 Law (General), dated 3rd October 1929 and subsequent G.Os. which make it obligatory on the part of all consuming departments to obtain the required furniture from the Jail department. The furniture required for the rest shed should be purchased from the Jail department subject to the condition that in the case of articles of furniture

not standardized, if the price quoted by the Central Jail and the Junior Certified School, Bellary, exceeds the market rate at Bellary by 5% such articles may be purchased in any other manner deemed suitable.

5. The rules for the occupation of the rest shed should be given in the appendix to these proceedings.
